

Prepared Eggs

Breakfast has boomed, growing into a meal occasion for any time of day. And Cargill prepared egg products are leading the way – satisfying consumers in everything from breakfast pizzas to classic egg sandwiches, frittatas and more.

Prepared Eggs

Cargill prepared egg offerings are the perfect way to add the protein power of eggs to any product and capitalize on the all-day breakfast boom. From flavorful fully cooked entrées to savory components such as scrambled eggs, count on Cargill egg products for superior quality and convenience.

Eggs Prepared All Ways

Looking to craft the perfect hot breakfast sandwich, entrée or wrap? Or add flavor and visual appeal to a chilled salad or main dish? Our prepared egg offerings provide the perfect solution for all of your product applications. Choose from:

- Patties
- Omelets and frittatas
- Wraps
- Precooked scrambled eggs
- Diced
- Liquid – in cartons or bags

Custom Capabilities

Our customized development approach pairs our culinary and research expertise with your resources. Together, we can develop on-trend egg products that today's consumers are looking for, while delivering consistent flavor, quality and texture. Options include:

- Multiple egg types – whole egg, whites, yolks or blends
- Extended shelf life (ESL) offerings
- Specialty eggs available for custom products – cage-free or organic
- Ability to add ingredients such as meat, vegetables, cheese or grains

Proven Supply Chain

Our prepared egg products are produced at multiple facilities across the Midwest, to ensure ultimate quality and a supply you can count on. Locations include Lake Odessa, MI, Mason City, IA, Monticello, MN and Big Lake, MN.

Application Expertise

Our team of development experts can help design the perfect prepared egg solution for your brand's goals, whether you're launching a handheld entrée or simply need a quality egg ingredient.
