## PROTEIN POWERS MENU EXCITEMENT

The number of “protein” mentions on menus has grown 187% over the past four years. See how we’re making it easy to capitalize on the high protein trend.<sup>1</sup>

## OPTIONS FOR EVERYONE

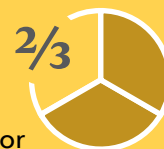

With over 42% of menu’s in the US offering gluten-free options, demand has never been higher. Make your menu more inclusive for all with Sunny Fresh egg products.<sup>1</sup>

## THE CAGE FREE MOVEMENT

One of protein’s hottest categories, 39% of the US eggs supply has moved to cage free, driven by consumer trends and state legislation.<sup>3</sup>

## HANDHELD WINNERS

Breakfast handhelds such as burritos or pizza are ranked closely behind breakfast sandwiches as the fastest-growing breakfast foods. Just under two-thirds of operators offer breakfast handhelds, meaning this category has more room to grow.<sup>2</sup>
